- Fast and flexible
- Fully automated
- Unique Shrink Wrap™ dose conformity delivers the dose only where it is needed
- Best in class radiation protection for both patients and staff

About KLAS

KLAS is an independent research organisation which helps healthcare providers make informed technology decisions by reporting accurate, honest and impartial vendor performance data. KLAS uses data from customer surveys of hospital and clinical physicians, nurses and executives and the 'Best in KLAS' awards are given to vendors who go above and beyond customer expectations. They also recognise solutions that have excelled in their respective market segments, showing the vendor's leadership in working with customers to resolve issues. www.KLASresearch.com

¹Perfexion was awarded Best in KLAS Award Medical Equipment & Infrastructure in 2011 and 2012 respectively.
